PROJECT Living Room Update

BRIEF Re-furnishing of an 11'-0" x 18'-0" Living Room for a more contemporary feel.

PRAISE *"I avoided re-furnishing the main floor of my home because I was concerned the costs would be prohibitive. With a very modest budget, Chris helped me transform my Living and Dining Rooms into spaces I now love. My friends are amazed at what we accomplished with very limited resources. Now I'm looking forward to tackling the rest of the house!"*

Victoria Fusca, Principal, ScoutTV
