PROJECT 3 Dunstable Place, Etobicoke

BRIEF Complete renovation of a 1960's side-split including space planning, fixture & finish selection, and project supervision.

PRAISE *"Our house dates from 1962. It needed updating. We thought we had a vision. Now, the house is even better than our vision, because of Chris. His creativity and expertise gave us a look, and a living space, we love. His attention to detail and co-ordination of all the trades and suppliers got us there without headaches. We love the result, and recommend Chris to everyone who asks."*
